Sending Responses in Presentation Mode

* To be used during a live presentation when the speaker wants immediate feedback from the audience.

1. Press **MENU**.
2. Highlight **Presentation** (Use the **YES** button for **Down** and the **NO** button for **Up**).
3. Press **ENTER**.
4. Your screen will display the following:

5. Press the button on the ResponseCard that corresponds to your answer choice.
6. Your answer can be verified on the screen after you make your selection.

A check mark will appear on the right-hand side of your screen confirming your answer was received.

NOTE: If you receive a message stating: "Not accepting answers!" this means that polling was closed and you may not have answered the question. If a response was sent before polling closed, then TurningPoint will accept the last successfully transmitted answer.
